## A Message from Kentucky PTA President

Several board members of Kentucky PTA just returned from the National PTA Legislative Conference in Washington DC. Among other things, we met with our legislators and asked that they support Congress funding the Statewide Family Engagement Centers at the authorized level of \$10 million. All of us must continue to tell our legislators on the state and national levels that the future of our students requires a well-funded public education system.

Cherie Dimar

I continue to be inspired by the dedicated and hard working leaders across our state that volunteer their time for the benefit of the children and families in their school community. Thank you for all that you do!

Note: This is the time of year to check your bylaws and see when your nominating committee is to be elected and when you should hold your election. It is important to identify new board members in order to keep your PTA growing.

## Taking the Time to Get It Right

There's a popular saying that it takes a village to raise a child. I think that it takes an entire state to educate a child. Let me explain what I mean by that.

Stephen Pruitt

In December 2015, the bipartisan Every Student Succeeds Act was signed into law. The law reauthorized the 50-year-old Elementary and Secondary Education Act, which has become the nation's biggest statement about and commitment to providing an equitable education for every student.

The Every Student Succeeds Act, also known as ESSA, provides some big challenges and even bigger opportunities for states. One of the biggest of which is giving states broad leeway to revamp their accountability systems. [\[Read more\]](#)

## Advocacy Alerts

For three weeks the Kentucky PTA is sending its members messages regarding the Governor's proposed education budget cuts. We're focusing on three areas of particular concern: Family Resource Centers, Preschools, and Flexible Funding, programs we believe directly affect our students' education.

Please call or write to your Senate or House Representative and share your personal experience with one or all of the programs and how you feel they benefit the state and our children. (See our [sample letter](#)).

If you write and ask for a response, make sure to include your email address, phone number, address and/or other contact information. Please share any responses you receive from legislators with Sharon Whitworth, Kentucky PTA Legislative Commissioner, [swhitwo1@aol.com](mailto:swhitwo1@aol.com).

It is with deepest sympathy that we announce the death of June Key, past District President of the Louisville Council PTAs (1965-67) and Past President of Kentucky PTA (1975-77).

June started the 15th District PTA Clothing Assistance Program in 1971 and, 45 years later, the program is still giving clothes to students so that they can go to school prepared to learn. June was instrumental in moving the education of Kentucky children forward. She had the gift of touching the lives of everyone she came into contact with, from President of the United States to a local PTA volunteer.

June Key died Sunday, March 13, 2016. She will be greatly missed by all who knew her.

## Healthy Lifestyles Grant

The National PTA requests proposals for the 2016-2017 Healthy Lifestyles: Healthy School Meals Grant, which will award \$2,000 to 25 local PTAs. This funding is made possible thanks to funding from Pew Charitable Trust.

This grant will support local PTAs as they advocate for and collaborate with the school administration and food service team to improve school meals. National PTA will provide a toolkit of turn-key assessment, implementation and promotion tools, as well as ongoing training and technical assistance. The application deadline is April 4, 2016. For more information, please visit: [PTA.org/SchoolMeals](http://PTA.org/SchoolMeals).
